

Corona protocol Chambres d'Hôtes Les 2 M

Caring for our guests is our top priority. That is why we have made a protocol that complies with the guidelines provided by the French government.

We follow the developments closely and, if required, adapt our protocol to the most recent government guidelines.

Besides providing regular cleaning, we take the following measures for your and our safety:

- ✘ We will not enter your room during your stay, which means that your bed is not made and the bathroom and toilet are not cleaned daily. You will be provided with towels, toilet paper, hand soap and cleaning products for your entire stay.
- ✘ Light switches and doorhandles of the common areas are disinfected several times a day.
- ✘ There's hand sanitizer at your disposal at the entrance.
- ✘ During food preparation we wear gloves and a mask.
- ✘ For breakfast service we use a distribution counter.
- ✘ To ensure enough distance at the table during dinner and breakfast, a chair is kept free between you and the next family.
- ✘ And if necessary, we work with shifts (breakfast and dinner).
- ✘ We can make packed lunches if requested in the morning.
- ✘ The health authorities advise to ventilate rooms as much as possible, therefore we request to keep the balcony door open as much as possible (especially when you are not present)
- ✘ The shared toilet remains closed, you can only use your "own toilet".
- ✘ Always respect the 1.5 meters distance rule between us and the other guests.
- ✘ Only new bookings with a minimum stay of 3 nights to avoid many changing guests.
- ✘ Let us know if you have any symptoms during your stay that could indicate to the corona virus. We will obviously help you in all ways needed.
- ✘ Preferably pay with pin or contactless.
